Purpose:

To establish standards for the ethical conduct of volunteers, members of the Board of Directors, and Executive Officers relating to their roles and obligations as representatives of the Society and a procedure for the investigation and enforcement of those standards.

Rationale:

- A code of conduct ensures that representatives of the Society share a common basis and understanding for acceptable conduct in representing the Society.
- The public is entitled to expect the highest standards of conduct when interacting with the Society and its representatives.
- The establishment of a code of conduct for representatives of the Society is consistent with the principles of transparent and accountable governance.

Policy Statement:

- 1) Definitions
 - a) "The Society" means Harvest Sky Animal Rescue Society.
 - b) "Representative" means a volunteer, Board Member, or Executive Officer of Harvest Sky Animal Rescue Society.

 - c) All inquiries from the media regarding the official Society position on an issue shall be referred to the Society's spokesperson. This is not meant to limit public comment solely to the Society's official spokesperson, but rather to recognize that the Society requires a single point of contact to speak with authority on behalf of the Society. The Society acknowledges and respects that representatives have the legal right to express their personal opinions, whether those opinions are complimentary or critical, subject to those limits prescribed by law.
 - d) A representative who is authorized to act as the Society's official spokesperson must ensure that their comments accurately reflect the official position and will of the Society as a whole, even if the representative personally disagrees with the Society's position.

- Protecting the health of animals already in the Harvest Sky Animal Rescue Society facility is paramount.

Policy Statement:

All animals surrendered or admitted to Harvest Sky Animal Rescue Society (HSAR) must be quarantined separate from other animals until the health and vaccination status of the animal can be determined via veterinary assessment and/or owner-provided documentation.

All unvaccinated animals surrendered to HSAR must be scheduled for vaccination within 7 days of custody transferring to HSAR. Animals whose vaccination status cannot be verified will be regarded as unvaccinated.

Stray animals will have no medical procedures performed, except for a general health assessment by a veterinarian, until such time as the owner can be contacted or the animal is deemed "abandoned". If the animal's life is in danger, medical procedures will be performed regardless of contact with the owner. Recouperation of any medical costs incurred by Harvest Sky Animal Rescue Society from the confirmed owner will be at the discretion of the Board of Directors.

Prior to vaccination of a female of breeding age, they will undergo a veterinarian assessment to determine pregnancy. Exceptions or delays to vaccination will only be made in the case of pregnant females on the advice of a veterinarian.

Policy 9 - Euthanizing Animals

Purpose:

To establish guidelines for the euthanasia of animals in the custody of Harvest Sky Animal Rescue Society.

Rationale:

- Harvest Sky Animal Rescue Society is proud to be a “no-kill” rescue promoting the health, wellbeing, and dignity of animals.
- Harvest Sky Animal Rescue Society recognizes there are circumstances in which euthanasia is the most humane course of action.

Policy Statement:

No animal in the custody of Harvest Sky Animal Rescue Society shall be euthanized except for the following limited circumstances:

- a) Veterinary assessment has determined the animal is suffering physical discomfort or disease for which there are no treatment options, thereby impairing the animal’s quality of life; or
- b) At least two veterinarians determine the animal to be dangerously aggressive with rehabilitation improbable. If the animal is determined to be a danger to volunteers and the public by this method, the Board of Directors may upon their recommendation allow euthanasia.

Policy 10 - Sterilization of Animals Prior to Adoption

Purpose:

To prevent the undesired reproduction of animals after they leave the custody of Harvest Sky Animal Rescue Society.

Rationale:

- Harvest Sky Animal Rescue Society encourages pet owners to sterilize the pets in their care to prevent unwanted reproduction.
- Harvest Sky Animal Rescue Society desires to assist in reducing the undesired pet population through sterilizing animals in its care.
- Pregnant females are commonly surrendered to rescue organizations.
- Research has shown that neutering of male large-breed canines before one year of age can have negative long-term effects on the animal's health.
- Previously, unsterilized animals have been adopted by a client under the condition they be sterilized as soon as possible. In these cases, the animal(s) in question was never sterilized as required or the client refused to cooperate in having the animal sterilized.

Policy Statement:

Harvest Sky Animal Rescue Society and/or its representatives **WILL NOT**, under any circumstance, authorize the final adoption of any animal prior to it being sterilized.

Exceptions to this policy will only be made:

- It is recommended by a veterinarian that a neutering of a male large-breed dog be postponed until they are one year of age or older. In this case, an adopter must provide proof an appointment has been made with a veterinarian of their choice to have the animal neutered at a later date.
- When the species of the animal in question cannot be sterilized.
- When a female is verified to be pregnant through veterinary examination. A pregnant female will be sterilized at the earliest safe opportunity after giving birth, or if her life is placed in danger by the pregnancy, or if the fetuses have been verified as deceased.

Policy 11 - Abandoned Animals

Purpose:

To establish guidelines in the case of animals whose owner cannot be determined or contacted.

Rationale:

- Roaming animals with no easily identifiable owner are often brought to Harvest Sky Animal Rescue Society by members of the public or law enforcement.
- Harvest Sky Animal Rescue Society supports and works towards the goal of reuniting lost pets and their owners.
- Harvest Sky Animal Rescue Society recognizes that animals should not wait an indefinite amount of time for their owner to be located or come forward.

Policy Statement:

Any animal surrendered to the custody of Harvest Sky Animal Rescue Society shall be deemed “abandoned” after a period of not more than 10 days without contact from the owner. When an animal is deemed abandoned, permanent ownership of the animal will automatically transfer to Harvest Sky Animal Rescue Society; at which point the animal may undergo preparation for and be advertised for adoption.

During the 10-day period, all reasonable efforts will be made to identify and contact the owner of the surrendered animal. Reasonable efforts may include but are not limited to identifying tattoos or microchips, hanging posters, social media postings, newspaper advertisements, and word-of-mouth.

If the owner is identified and seeks to reclaim the animal, proof of ownership shall be required before the animal is released to their custody. Proof may include but is not limited to a recent photo of the animal, veterinary records, or microchip/tattoo records.

If the owner of the animal comes forward after the animal is deemed abandoned, the Board of Directors may determine if they must undergo the adoption process to acquire custody of the animal. If so, the Board may also alter the adoption fee of the animal to reflect any medical costs incurred by the animal at their discretion.

Policy 12 - Handling of Animals in the Custody of Law Enforcement

Purpose:

To establish guidelines for the provision of pound services to law enforcement agencies such as but not limited to the Town of Hanna Bylaw Enforcement and the Royal Canadian Mounted Police (RCMP).

Rationale:

- Harvest Sky Animal Rescue Society highly values partnership with law enforcement agencies in caring for companion animals in our community.
- Harvest Sky Animal Rescue Society recognizes that its volunteers need to be protected from harassment, violence, or litigation when dealing with animals that may have been seized from owners by law enforcement agencies.
- Harvest Sky Animal Rescue Society is proud to serve as the pound for the Town of Hanna.
- Harvest Sky Animal Rescue Society holds no legal authority to investigate cases or seize animals from private property.

Policy Statement:

All animals being housed by Harvest Sky Animal Rescue Society shall remain in the custody of the law enforcement agency until such time as ownership is lawfully transferred to Harvest Sky Animal Rescue Society.

Harvest Sky Animal Rescue Society possesses no legal authority to investigate cases and as such, any calls from the public for such an investigation will be directed to the proper legal authority. Also, as Harvest Sky Animal Rescue Society holds no legal authority to enter private property, any animals being seized by law enforcement must be delivered to the Harvest Sky Animal Rescue Society facility and must never be transported there by a Harvest Sky Animal Rescue Society representative with no exceptions.

Regarding an animal housed with Harvest Sky Animal Rescue Society for a law enforcement agency; any communication with the owner, including but not limited to reclaiming the animal, must be with the law enforcement agency. No direct communication between the owner and Harvest Sky Animal Rescue Society will be permitted. When an owner reclaims an animal seized by law enforcement from Harvest Sky Animal Rescue Society's facility, a representative of said law enforcement agency must be present to transfer custody.

Any costs incurred by an animal being housed with Harvest Sky Animal Rescue Society on behalf of a law enforcement agency shall be collectable from said law enforcement agency.

Policy 13 - Repeated Surrenders from One Owner

Purpose:

To set guidelines to address animal owners who repeatedly surrender animals from their care.

Rationale:

- One of the central goals of the Harvest Sky Animal Rescue Society is to reduce the number of unwanted pets through encouraging sterilization.
- Occasionally, owners surrender multiple litters of unwanted animals without being willing to address the core cause of unsterilized adults on site. This can cause undue strain on the Rescue's resources and impact the ability to care for other animals.
- The Harvest Sky Animal Rescue Society holds no authority to force sterilization of animals not in its ownership.

Policy Statement:

Owners surrendering a litter, in whole or in part, of animals without the accompanying parent(s) will be encouraged to have the parent(s) sterilized to prevent future unwanted animals. Encouragement strategies will be determined on a case-by-case basis by the Board.

In the event an owner surrenders multiple times while showing no intent to address the core causes of the overpopulation as determined by the Board, intake services may be withdrawn from that owner. Intake services may resume for the owner at the discretion of the Board.

Policy 14 - Trapping Feral Animals in Adverse Weather

Purpose:

To protect the health and wellbeing of feral and/or roaming animals targeted for capture during times of adverse weather conditions.

Rationale:

- Harvest Sky Animal Rescue Society supports a program to trap and sterilize feral and/or roaming animals in an effort to control the at-large population.
- Cold or hot temperatures in conjunction with the restricted space of a live-capture trap could drastically hasten the onset of hypothermia or hyperthermia in a trapped animal.
- Harvest Sky Animal Rescue Society values animal health and wellbeing as one of its highest priorities.

Policy Statement:

To protect the health and wellbeing of at-large animals targeted for trapping, Harvest Sky Animal Rescue Society will not for any purpose itself utilize or issue for rental a live-capture animal trap when the temperature is or is forecast to be at or below 0° Celsius or above 23° Celsius.

A live-capture trap will also not be utilized or issued for any purpose when the temperature is above 0° Celsius but the wind-chill factor will cause it to mimic a lower temperature.

Exceptions to this policy may be made in certain limited circumstances under consideration of at least two volunteers.
